Dear Neil, I hope that enclosed report will be sufficient for your needs of justifying of the distribution in front of all donor agencies that helped BARF to gather all this aid.

In our office we kept originals of all delivery letters and statements that all received aid must strictly be used for humanitarian purposes. I am not sending them to you because they are all in local language so they won't be from big use to you. That is why I made this table breakdown of distribution of the aid.

Please, let me know if you need anything else from us.

Genesis Project.
